Qualifiers**

This application is for the  
**Entrepreneurship Program Scholarship**  
at North Central State College

**The award amount is \$1,500 to be used toward tuition and instructional fees.  
Two scholarships will be awarded.**

A new Entrepreneurship program at North Central State College will use our entire region as a classroom. In addition, these students will develop community business partnerships and participate in on-the-job learning opportunities.

The College is offering scholarships for this creative program that will produce graduates with unique business skills. The students will major in areas such as business, engineering technology, or other disciplines.

Applicants should demonstrate good communication and motivational skills, be creative, and be interested in the well being of their community.
